Inspector Findings

Additional Information Collected During Inspection

Comments

Conducted a re-inspection due to previous inspection report of 4-4-17. Monitoring thermometer available inside refrigerated storage unit at front counter which contained potentially hazardous (TCS) foods- interior temperature acceptable- less than 45 degrees F. Checked walk-in cooler- no food containers improperly stored on floor of walk-in cooler. Also checked walk-in freezer- no evidence of frozen condensate from ceiling vent inside freezer either on racks or floor of walk-in freezer. Per Manager (Krunall), rear entrance (metal) door is scheduled to be replaced in near future. Manager was instructed to contact City of Elmira Code Enforcement Dept for input since existing door has panic hardware and is an emergency exit for employees.
