Additional Information Collected During Inspection

Comments

Per operator, facility has purchased a walk-in cooler and freezer combo unit and will be preparing to install unit within the next month. Operator also stated they will be doing some renovations to the food service area. Discussed with operator that CCHD must be informed of all renovations done to food service facility. Operator to contact CCHD prior to start of renovations to allow for review. Discussed putting in hand washing sink in food prep/kitchen area as part of renovations as facility does not have a designated hand washing sink in the food service area. Residual chlorine level of 0.8 mg/L found at facility's 2 bay sink. All items must be corrected in order to issue the permit.
