Inspector Findings

Additional Information Collected During Inspection

Comments

No violations observed during pre-op inspection. Observed digital thermometers, quaternary ammonia sanitizer and test strips. Temperatures of food items in commercial refrigerator, including cheese, was approximately 37F. Walk-in refrigeration located in basement. Discussed ill food worker policies, exclusionary illnesses, prevention of barehand contact with ready to eat foods, reportable incidents, such as fire, lack of water or electricity, etc. Provided food safety summary sheet, handwashing stickers and reviewed food handler quiz. Also Discussed need for ceiling or separate enclosed storage container if food, beverage, or other items necessary for preparation of food will be stored in basement. Menu limited to cook and serve or ready to eat food items-no cooling permitted.
