Number of other violations found: 0

Each item found in violation is reported below along with the code requirement.

NO VIOLATIONS WERE OBSERVED.

Code Requirements

Inspector Findings

Additional Information Collected During Inspection

Comments

Observed students wearing gloves while cutting and prepping ready to eat food items. Discussed washing hands between glove changes. Observed accurate probe thermometer and discussed calibration process. Observed students shredding cheese which temped at 47-50dF, discussed relocating back into cold holding until chicken was ready to be topped. Reviewed cooling procedures- in shallow depth in metal pans with lids off in walk-in cooler. Observed students washing hands. Observed students wash-rinse-sanitizing dish-ware and equipment. Observed wiping clothes stored in sanitizer buckets at a concentration greater than 200ppm (chlorine) per facilities test strips. Test strips were turning black then going white. Discussed using less sanitizer or adding more water to buckets to keep a sanitizing level within the recommended 50-200ppm level.
