Inspector Findings

Observed broken door gasket on left side door of bottom of cold holding make unit. Staff called to have door gasket fixed during reinspection. Door gasket missing on chest freezer along wall in storage room. Operator has placed a foam strip around interior of top lid but foam strip does not create a seal. Time table of correction 10/24/17

Additional Information Collected During Inspection

Comments

The following items have been corrected from previous visit: 10B) Cardboard removed from shelves in kitchen. Inside of chest freezer door with exposed insulation has been fixed. Two chest freezers in middle of storage room have been replaced by new, large chest freezer. 15A) Ceiling around condenser unit in walk-in cooler has been cleaned. 15C) Animal crate has been removed from facility. Staff stated operator did some work to roof of walk-in cooler, uncertain if roof still leaking and it is not raining during reinspection.
