Each item found in violation is reported below along with the code requirement.

NO VIOLATIONS WERE OBSERVED.

Code Requirements

Inspector Findings

Additional Information Collected During Inspection

Comments

Temp logs were present and accurate at time of inspection. Milk temped at 41dF using sanitarian thermometer, 42dF using the facilities probe thermometer. Advised facility to obtain digital thermometers because they do not need constant calibration. Per school policy bleach is not used, replaced with Clorox wipes and "green" bleaching alternatives that are used to sanitize surfaces.
