Comments

No violations observed during time of inspection. Discussed keeping stacks of hamburger patties at smaller stacks to help keep patties at required cold holding temperature. Observed workers recording temperatures in temperature log using facility's thermocouple. Facility takes temperatures of machines in the morning, temperatures at lunch time and temperature around 8 pm. At ~2:35pm, observed hotel pan of chili at temperature of 78F that had started cooking at 2:15pm. Discussed monitoring temperature of chili to make sure it reaches required temperature within 2 hours. Discussed keeping personal food items separate from food service items. Discussed facility's ill food worker policy.
