Pre-op Inspection

Date: November 9, 2018 09:14 AM
Inspector: Zachary Brueckman (zbrueckman@co.chemung.ny.us)
Responsible Person: Sent To Operator

Summary

Number of Public Health Hazards Found:	0
Number of Public Health Hazards NOT Corrected:	0
Number of Other Violations Found:	0

Each item found in violation is reported below along with the code requirement.

NO CRITICAL VIOLATIONS REPORTED

NO ADDITIONAL VIOLATIONS REPORTED

Additional Information Collected During Inspection

Comments: No violation observed during pre-operational inspection. Observed both functioning digital thermometer and accurate probe thermometers, food service gloves and utensils (tongs) to prevent barehand contact with ready to eat foods. Discussed that downstairs walk-in coolers will be used for storage of soda and other non-potentially hazardous time/temperature controlled for safety foods (phf/tcs) until able to maintain temperatures of phf/tcs at 45F or less. Adequate refrigeration at upstairs "main" kitchen. All hand wash sinks contain adequate supplies, including warm water, soap, and paper towels. All food prepared in main kitchen will be made to order or made in bulk and placed in hot boxes to hot hold during service. Discussed that if any potentially hazardous foods are left over, they are to be discarded at end of service period. No cooling of potentially hazardous food allowed on premise. Observed sanitizer and appropriate test strips at all food service areas.

Inspector: Zachary Brueckman
