Inspector Findings

Additional Information Collected During Inspection

Comments

No violation observed during time of inspection. Observed facility's test strips for evaluating levels of quaternary ammonia in sanitizing solutions. Discussed working in small manageable amounts when working with time/temperature control for safety (TCS/PHF) food items and to place back into refrigeration when items are not in use. Observed facility's properly functioning probe thermometers. Observed employees using gloves when working with ready to eat foods and hair restraints.
