NO VIOLATIONS WERE OBSERVED.

Code Requirements

Inspector Findings

Additional Information Collected During Inspection

Comments

No violations observed during preoperational inspection. All items from preliminary site evaluations including issues with a hand washing sink, an air gap lacking at the food prep sink, and some other cosmetic items have all been corrected. Observed several accurate probe thermometers and discussed proper method for calibration. Observed thermometers in all units meant to hot or cold hold time/temperature control for safety (TCS) food items. Observed hot and cold running water with soap and paper towels at all hand washing stations. Observed facility's quaternary ammonia tablets for making sanitizing solutions and facility's test strips for evaluating levels of quaternary ammonia in solutions. Operator was provided with new food service folder containing food safety summary sheet, food service facts packet, and other food service related information. Discussed proper hand washing and glove use. Provided operator with choking poster and copy of the food service code.
