NO VIOLATIONS WERE OBSERVED.

Code Requirements

Inspector Findings

Additional Information Collected During Inspection

Comments

No violations observed during inspection. Facility has two functioning digital thermometers. Rice in hot holding unit on service line had a temperature of 163F. Chicken on hot holding service line unit had a temperature of 155F. Diced tomatoes in cold holding service unit had a temperature of 38F. Prior to inspection facility was having issues with maintaining hot water due to water boiler malfunctioning. Per employee, new boiler was installed the day the issues began. Discussed with employee importance of facility having hot water in order to properly wash hands and discussed contacting CCHD to inform when facility is lacking hot water, power, or any issue that might result in closing the facility. Sanitizer (quaternary ammonia) in 3-bay sink observed at 200ppm per facility's test strips.
