Inspector Findings

Observed leak in potable water line under mobile unit. Discussed replacing water line or fixing leak. Correction to be made prior to issuance of permit.

Additional Information Collected During Inspection

Vehicle License Plate # - BP20644; Valid Permit - Yes; Choking Poster Displayed - Yes; Economic Violation - No;

Comments

Field visit conducted at CCHD parking lot as preliminary to preoperational inspection for obtaining a mobile food service permit. Discussed limiting menu to commercially precooked items over raw as facility has limited space for separation of raw and ready-to-eat. Observed several accurate probe thermometers including one that the operator keeps on his person at all times. Discussed warming up hot holding area at start of day as it is the source of heat for the hand washing sink. Cart has a license plate, but it is not attached as it is not required to be attached, per operator.
