### Additional Information Collected During Inspection

**Comments:** Reinspection conducted to verify correction of violation 6A: improper hot-holding-improper use of hot-holding waiver using time instead of temperature to hold potentially hazardous pizza. Potentially hazardous cooked white broccoli pizza was marked with the time removed from cooking and 4 hour discard time at time of reinspection. Also observed that bin of shredded mozzarella cheese was labeled with discard time, which per manager, was less than 4 hours after removal from refrigeration. Discussed with manager that mozzarella cheese could not be returned to refrigeration, even if less than 4 hours had passed from the time it had been removed from refrigeration. Once stored at room temperature, the cheese must be used or discarded within 4 hours after being removed from refrigerator. No other items evaluated during reinspection.
