Code Requirements

Inspector Findings

Additional Information Collected During Inspection

Comments

Conducted a pre-operational inspection of facility which was not open at time, no food preparation was being conducted during pre-operational inspection. Digital thermometers are available for evaluating hot potentially hazardous (TCS) foods. Monitoring thermometers are available inside kitchen refrigeration equipment which is used to store cold potentially hazardous foods, maintained at less than 45 dF. Will conduct a HACCP training with kitchen staff later in the year. Discussed routine hand washing along with proper use of plastic gloves and utensils during inspection.
