Date: JUN 12, 2018 03:57 PM
Inspector: Erin Walmsley (ewalmsley@co.chemung.ny.us)
Responsible Person: Joseph Duffy
(email:)

Summary
Number of public health hazards found: 0
Number of public health hazards NOT corrected: 0
Number of other violations found: 1

Each item found in violation is reported below along with the code requirement.

POOR SANITARY DESIGN, CONSTRUCTION, INSTALLATION OF EQUIPMENT AND UTENSILS.

ITEM # 10B WAS FOUND IN VIOLATION 1 TIME(S).

All or parts of the violation item are IN violation.

Code Requirements

Non-food contact surfaces and equipment are improperly designed, constructed, installed, maintained (equipment not readily accessible for cleaning, surface not smooth finish)

Inspector Findings

Ice build up on bottom of 1 stand up freezer in basement kitchen. Facility had 2 stand up freezers with ice build up at previous inspection. Manager stated all of the food was moved from one stand up freezer to 2nd freezer to be able to defrost 1st (empty) freezer. Freezer would not turn back on after defrost and facility has had to order a new freezer. Once new freezer has been delivered, facility will defrost remaining freezer that is currently storing all the frozen food.

Additional Information Collected During Inspection

Comments

The following items have been corrected from previous inspection: 8E) Digital thermometer battery replaced and functional. Reading 41dF during reinspection. 10A) Soda gun waste line has been relocated to running under the ice bin to indirect drain. 11D) Interior lip of ice machine cleaned. 15A) Floor and ceiling surfaces around equipment and sinks have been cleaned in kitchen. Per manager, spots on floor under 3 bay sink have been scrubbed and de-greased but are not coming up. Might be a glue residue.
