### Additional Information Collected During Inspection

**Comments:** No violations observed during inspection. Approximately 3/4 of campsites were full during inspection. No tents were set up on sites so separation distances were greater than 10 ft. All electrical services on empty lots were operational and in good working condition when inspected. Water fountains throughout campground and picnic area have been covered to prevent usage due to COVID-19. Water taps are available in campground to obtain water. Obtained a free chlorine residual of 2.0mg/L and a water sample from cold water tap from utility sink in laundry room.
